Research and Extension

alzheimer's  association®
KNOWthe
10 SIGNS
EARLY DETECTION MATTERS

It's time to learn the facts of Alzheimer's disease. Join your local K-State Research and Extension office to learn more about the signs and risk factors for Alzheimer's, what is involved in getting a diagnosis, and the benefits of early detection.

After all, everyone with a brain is at risk for Alzheimer's.

All are welcome!

Date: Tuesday, November 14

Time: 2:00 PM

Location: Parsons Presbyterian Manor, 3501 Dirr Street, Parsons

Cost: FREE

For more information: Contact Chuckie Hessong 620-724-8233
