2021 Labette County Fair Small Animal Virtual Nominations

Labette County Fair Small Animal nominations in for Swine, Sheep, Goat, Bucket Calves and Feeder calves will be conducted virtually this year.

WHO DOES THIS AFFECT? Any 4-H or FFA Member that plans to exhibit swine, sheep, goats, bucket calves or feeder cattle at the 2021 Labette County Fair.

WHEN IS NOMINATION DUE? All animals must be virtually nominated by Midnight on May 1, 2021. If you do not have capabilities to take and send pictures, or need assistance tagging, you must contact the extension office prior to the May 1 deadline to schedule alternative options. Youth must also have ownership of their livestock project by the May 1 deadline, and any male animals must be castrated by May 1. The Labette County Fair Board reserves the right to spot check livestock to confirm ownership and castration of livestock.

WHAT DO I NEED TO SEND IN? Nomination will consist of emailing 3 photos of each animal to the extension office along with a copy of your nomination form. The three photos must show:
1) A clear image of your animal’s County, Interstate, or State fair tag in the animal’s ear.
2) a front view of the animal, showing the animal’s face (for swine, please make sure ear notches are easily read in photo).
3) a side profile of the animal. Emails can be sent to Cara at cjcomstock@ksu.edu. Once emails are received, you should get a confirmation email back within one business day. If you have not received an email, that means we did not receive your nomination.

HOW DO I GET TAGS? You can get tags at the extension office. If possible, please call ahead so we can set tags out for your family. The extension office number is 620-784-5337.

WHEN DO I ENTER FOR FAIR? Fair entries will open May 18 to begin accepting entries. Only market livestock that meet the nomination and ownership deadlines, and breeding animals that meet the ownership deadlines will be allowed to show at the fair.
