2021 Fair Change Highlights
Please read your fair book for a full, detailed list of changes.

**LIVESTOCK**
Last year we had a viral livestock disease which caused us send animals home early. NO animals will be sent home early this year. If we get cases the fair board will release new information.

- The 10 acres north of the zoo will be open for tying out animals and parking trailers.
  - Please keep trailers and campers north of the south end of the stadium, if parking along the cemetery wall. Only livestock trailers should be parked in the grass lot just north of the beef barns. This is to help with parking for the 100th year. We hope to plenty of room for alumni to visit us!

- Vet checks will be same as last year ONLY during check-in times. Please thank your fair board members for finding a way to offer this service for free to all members! No health papers will be accepted. Enter livestock check-point from the west.
  - All rabbits, swine, sheep, goats, dairy goats, dairy cattle, bucket calves, and beef cattle MUST go through the VET CHECKPOINT BEFORE UNLOADING FROM THE TRAILER. Poultry should have their PT test paperwork with them.

**GENERAL REMINDERS FOR LIVESTOCK:**
- All pigs weigh
- All sheep weigh
- Dairy Goats and Meat Goat Does need to check in at scales
- BUCKET CALF SHOW HAS CHANGED TIMES/DATES

**RABBITS:**
Due to a rabbit hemorrhagic disease (RHDV2) the following precautions are in place for rabbits:
- RHDV2 can NOT SPREAD to other livestock
- Rabbits vet checked Thursday at 6:30 p.m. before allowed on the fairgrounds
- Each exhibitor will need to bring a carpet square to show their rabbit on but individual tables will be provided fair board. DO NOT set your rabbits on the ground or let other people/exhibitors handle your rabbits.
- Judge will change gloves between each table/exhibitor
- For more details will be communicated before the show

**POULTRY:**
Poultry testing is mandatory for 2021. Free testing date at our fair grounds is June 24th from 4:30-6:30 p.m.
INSIDE EXHIBITS

One check in table will be located on the west side of the building under the shade trees. Youth should come to the table WITHOUT exhibits to pick up all their entry cards at once.

- Once youth have their cards they may utilize the tables in the grass/ staging area or go back to their car to tie entry cards to all exhibits then take them to the appropriate door
  - Photography and Woodworking – take carded items to table in front of North West door of the inside building
  - Arts and Crafts, Horticulture, Field Crops, and Posters – take carded items to table in front of the South East door of the inside building.
  - Foods – take carded items to garage door on the south end of the inside building
- NEW CLASSES
  - Entomology – small ento box (15 specimens)
  - STEM
    - Ag Mechanics – welding
    - Architectural Block Construction – diorama

SUPPORTERS
Please review the list of supporters in the back of the book and thank them as you see them this summer! Now is a good time to drop an extra plate of cookies off and remind them how hard you’ve been working on your projects and how much you appreciate their support!
