JUNIOR PRODUCER DAYS

Submitted by Lexie Hayes

The 2026 K-State Junior Producer Days have been scheduled. The dates are provided below. We host two junior producer days each year with beef and sheep in even years and swine and meat goat in odd years. So, we will be hosting a junior beef and a sheep producer day next spring. These are one-day, educational events for families to learn about the selection and management of youth livestock projects.

REGISTRATION: DUE FEBRUARY 13th!
