We are offering this program at two different locations. Choose the date that best fits your schedule, and join us to learn about Radon!

Guest Speaker Laura Wallace from the Kansas State University Kansas Radon Program will be in attendance at both sessions.

TUESDAY, FEBRUARY 6 | STARTING AT 6:30 PM

Grace Fellowship Church - 2455 Woodland Ave., Coffeyville

WEDNESDAY, FEBRUARY 7 | STARTING AT 10:00 AM

Pittsburg Public Library - 308 N. Walnut, Pittsburg

Did You Know?

- Radon is the leading cause of lung cancer among nonsmokers.
- Radon is a natural, tasteless, odorless, colorless, radioactive gas produced from the decay of uranium found in nearly all soils.
- Radon gas moves from the ground under and around your home through cracks and other holes in the foundation.
